Thank You for keeping Telluride Safe!

By skiing or boarding, you agree to assume responsibility for your own safety and the safety of others. The Telluride Ski Resort, its employees and agents, and the operators of any lift, tram or similar conveyance or transportation device, are not responsible for any injuries to you or your property, or for any other loss or damage, resulting from any cause.

BE SAFE AND HAVE FUN
Know the Code — it’s Your Responsibility
1. Stay on marked trails at all times, unless you have the knowledge to use such lift safely, or until that person has the knowledge and ability to load, ride and unload safely.
2. People ahead of you have the right of way. It is your responsibility to yield to others.
3. Don’t stop when you obstruct a trail, or are not visible from above.
4. Whenever starting downhill, merging into a single trail, and trail ends, yield to others.
5. Always use devices to help prevent runaway equipment.
6. Choose appropriate signs and usage. Keep off closed trails and out of closed areas.
7. Skiing at night by flashlight is prohibited unless you have the knowledge and ability to load, ride and unload safely.

Colorado Ski Safety Act
The Colorado Ski Safety Act states that all skiers and snowboarders must be familiar with the trails here at Telluride Ski Resort. They must also be aware of Colorado law, which states that a skier assumes the risk of any injury to person or property arising from any of the inherent dangers and risks of skiing, and must have the knowledge and ability to use the facilities of a ski area safely. You should work with the system, understand the language used, and make your intentions clear to others. If you are not sure of your ability to ski or snowboard, ask an employee of the ski area.

Colorado Skiing or Boarding Extreme Terrain is for EXPERTS ONLY. Freestyle Areas are designated with an orange oval and may contain jumps, banks, lanes, halfpipes, or other constructed or natural terrain features. Prior to using Freestyle Terrain, you are required to undergo a Freestyle Skills Test administered by an authorized instructor. Freestyle skills require maintaining control on the ground, and in the air. Use of Freestyle Terrain requires a high level of skill and awareness. Visit Telluride.com for more information.

Skiing or boarding the backcountry without permission is illegal. Telluride Ski Resort is not responsible for the safety of any person engaged in backcountry skiing or snowboarding. Inform a Telluride Ski Resort employee of your intentions to go backcountry skiing or snowboarding.

WARNING
Colorado law states that the Telluride Ski Resort is not responsible for injuries arising from any of the inherent dangers and risks of skiing, and must be familiar with Colorado law.
